

Rest In Peace

We Will Do the Rest

- No more worries
- Comfort and safety
- Warm and soft fabric that expands and contracts with baby's movement
- Number of baby deaths since 2000 have increased dramatically due to unsafe blankets
- The New York Times calls it "A much needed invention that will give more babies a chance to grow up and achieve their dreams."
- A satisfied mother said "Moms everywhere will be able to sleep easy, it was great for my baby."
